

Flat Glass Rooflight

The Brett Martin Flat Glass rooflight provides quality flat glass rooflight features at highly competitive prices, with some variants delivered in as little as 48 hours from order.

Designed with both the building owner and installer in mind, and to cater for the large and growing trend for flat roofed home extensions and light, bright open plan living, the Brett Martin Flat Glass rooflight is also equally at home on larger commercial property developments, giving homeowners, independent tradespeople and larger construction trades alike the ability to quickly and confidently bring stylish daylighting to all types of buildings.

FEATURES

- Available in a wide range of sizes, with 9 standard fixed sizes delivered in 48 hours from order
- Suitable for mounting direct to a builders upstand, or with PVC kerb in two height options for new build and refurbishment applications
- Available as a fixed or manual / powered opening rooflight
- Range of ventilation options
- Special glass options available

BENEFITS

- Modern and stylish flat glass rooflight design
- Elegant aluminium frame powder coated to RAL 7016
- Clean internal appearance including hidden actuators and cables on powered opening rooflights

- Highly thermally efficient with thermally isolated frame and double glazing offering overall U-values as low as 1.46W/m²K
- Safety of those below and above the rooflight assured thanks to a laminated inner pane and the product achieving non-fragility to CWCT TN-67 (for class 1 or 2 roofs depending on size) and Class B non-fragile to ACR[M]001 when new and fully installed to Brett Martin installation guidelines
- Highly secure - fixed Flat Glass rooflights achieve Secured by Design accreditation
- 10 year warranty
- BRE Globally Verified [EPD \(Environmental Product Declaration\)](#) - specific configurations
